Key Project Personnel Capability and Experience	30%

TOTAL 100%

4.4 EVALUATION SCORING SYSTEM

The maximum number of points available for scoring is one thousand (1000) per evaluator. The proposal receiving the highest number of points is considered statistically the best proposal and the **best value** to HHSC; and, will be recommended for award of contract, unless otherwise determined and justified by the evaluation committee.

The evaluation categories are assigned a value weight percentage, as determined by HHSC, totaling 100%. Each category will be rated between one (1) and ten (10), with ten being the highest (the best rating) by each member of the evaluation committee. The OFFEROR'S total score (see note below) will be determined by: a) multiplying the assigned weight value of each category by the numerical rating provided by the evaluation committee member to determine the score for each category; b) totaling the score for all categories of each evaluation committee member; and, c) totaling the score of all evaluators.

Note: In determining the total score, the OFFEROR'S price proposal with the lowest price will receive the highest available rating allocated to price. Each proposal that has a higher price than the lowest will have a lower rating for price. The points allocated to higher-priced proposals will be equal to the lowest proposal price multiplied by the maximum points available for price, divided by the higher proposal price.

SECTION FIVE - AWARD OF CONTRACT

5.1 AWARD OF CONTRACT
